

## **EHS POLICY** **(Environment, Health & Safety)**

We at **ARYAN PUMPS** are committed to create and maintain a Safe and Healthy work place in our organization. We will manufacture our product, process which respects the environment, focuses on prevention of pollution, and the health of our employees, our customers, and the community where we operate

We will continually achieve & improve our performance though.....

- Comply with applicable Environmental, Health and Safety (EHS) legislation and statutory, regulatory and other requirements
- Respond to community concerns regarding EHS and address them proactively in our operations
- Use process safety and management techniques like Safety Audits, Analysis, Operability Studies and Documentation of safety related information to minimize EHS s associated with our operations
- Equip ourselves to address EHS emergencies
- Integrate EHS considerations into Business Planning and decision making

We will continually work towards the elimination of EH&S hazards, control of unsafe acts/ behaviors, exposures that may cause ill health and ensuring compliance associated with **ARYAN PUMPS**
